Gavin Ryne Winslow was born on February 23, 2006 with congenital kidney failure. He is such a bright and beautiful child, but without a kidney transplant, Gavin will not survive.

Fundraising in honor of little Gavin is being done in conjunction with the Children's Organ Transplant Association. The organization's priority is to assure that no child is denied a transplant or excluded from a transplant waiting list due to lack of funds. One hundred percent of all funds raised are used for patients' transplant-related expenses.
